

## 3 & 4 Gallon Multi-Purpose Tanks

Flambeau Fluid Systems is excited to introduce their new tank options with these 3 and 4 gallon multi-purpose tanks. These tanks follow their established designs for other tanks and can be provided in configurations to meet your needs.

The tanks have a designed-in vapor expansion space so there is no need for a costly vapor tube to be installed. The most common applications for these include gas tanks, diesel tanks and hydraulic tanks.

### Offering versatility through customization including:

- Various fittings
- Sensors
- Tank straps for surface mounting
- Custom length pick-up tubes
- A fuel gauge
