Assemblies for Multiple Applications

Flambeau Fluid Systems fuel tanks are typically used in the Small Off Road Equipment (SORE) market. Examples include; lawn tractors, ATVs, generators, log splitters, etc. We offer the most extensive line up of stock tanks which can be customized to your application while still meeting CARB and EPA certifications. We manufacture all fuel tanks in compliance with ANSI standards and offer a variety of components, fittings, and caps to create a complete fuel system for your application. Below is an example of a five gallon fuel tank assembly.
